Meet The Speakers:

Dr. Charles Burger, MD graduated from Case-Western Reserve Medical School in Cleveland, Ohio, and did his residency in Internal Medicine both in Cleveland and Duke Medical Center. He came to Maine in 1971 to join an innovative practice in Hampden. Dr. Burger has had a long interest in the use of computers in medicine and has gained national recognition for his work on improving systems of care and the integration of computer technology in primary care. His passion is continuous improvement to get better results for patients. Along the way, he has developed a particular interest in caring for problems of the spine and musculoskeletal system. His outside interests include reading, biking, movies and family.
